You must notify IFM if your information changes during the Semester to avoid being accidentally towed.

Please keep your parking permit inside your car's rear window so we can scan easily for illegally parked cars. If you ever need to park a different vehicle in your space for an extended period of time, you are responsible for notifying us to avoid having it towed. Please also transfer the permit to the car being used in such cases. **Note: We DO NOT allow sharing of parking spaces. Only YOUR (one) car may park in the space you rent.**

Spaces are guaranteed from 8:00 a.m. Monday through 5:00 p.m. Friday. We will let our visitors know that spaces marked "Visitor Parking" are available for them. On weekends, the spaces may be used by others, but if your car is in the space at any time during the evening, night, and weekend hours, you will have priority on the space 24/7. This parking lot is good for those who live in the dormitories.

If your reserved space is ever occupied during the week, Notify the IFM office and park in a Visitor Parking space temporarily. If another vehicle with an IFM sticker is in your space, DO NOT park in their space, but in Visitor Parking to avoid further confusion. These spaces 1-5 are in the lot facing the IFM building.

Reservations & Refund Policy:

To reserve a parking space, a full payment must be made. Should a reservation need to be canceled before the first day of classes (according to the USC calendar), A refund will be made minus a \$50 inconvenience fee. No refunds will be made once the Semester has begun.

Students who rent a parking space for the fall semester will be given priority in renewing their space for the spring semester but must declare their intentions and prepay before leaving for Winter Break.
